## **—1958—**

We want to take this opportunity to thank our many customers for their nice orders, letters and cards. They have been greatly appreciated. We will continue to do our best to please you in every way.

## **—TERMS—**

All orders over \$3.00 will be sent postpaid. For orders under \$3.00 please add 40 cents for packing and postage.

We do not substitute without permission but a substitute list will be appreciated.

Please place your orders early as some stock is limited.

Plants are guaranteed to be free from all diseases, true to name and labeled. However, if for any reason you are not satisfied, please write us about it.

## **—CULTURAL TIPS—**

Iris are the easiest of all plants to grow. They are hardy and will thrive in any ordinary garden soil. Be sure they have good drainage and plant where they will have plenty of sun. Be sure not to plant too deeply.

Bone meal is the ideal fertilizer and will not burn.

If immediate effect is desired, plant in groups of three of a kind, about one foot apart.

Plants State Inspected
